

Future of Europe Conference: final document available on the online Platform. 335 pages of reform proposals

The report on the final outcome of the Conference on the Future of Europe that will be presented today to the Presidents of the three EU institutions - Council, Commission and Parliament - is available on the online Platform of the Conference. It is these three institutions that had launched this new, unique and innovative process on 9 May 2021, to debate and plan the future of our Union with the contribution of both citizens and institutions.
