
European Catholic Social Days: March 17-20 2022 in Bratislava “to highlight Christians' vitality in Europe and their efforts for a future of solidarity”

“The European Catholic Social Days are important because they testify to the vitality of Christians, of Catholics, in Europe, as well as our commitment to promoting solidarity and the well-being of each and every citizen of Europe, especially young people and the future we all have at heart”, said Cardinal Jean-Claude Hollerich, Archbishop of Luxembourg, President of COMECE (Commission of the Bishops' Conferences of the EU), presenting at the Vatican this morning the third edition of the European Catholic Social Days with the theme “Europe beyond the pandemic: a new beginning”, to be held in Bratislava, Slovakia, from 17 to 20 March 2022. The initiative is promoted by the Commission of the Bishops' Conferences of the European Union (COMECE), the Council of European Bishops' Conferences (CCEE) and the Slovakian Bishops' Conference, in cooperation with the Dicastery for Promoting Integral Human Development. “As we look at Europe beyond the pandemic on the way to a new beginning, the event will offer an opportunity to reflect on the importance of solidarity and social justice at a time of transition for Europe,” said Cardinal Hollerich. “Selfish behaviour and materialism - the focus of the Days - must be overcome by solidarity, as the ongoing health crisis has shown. We must allow the principle of solidarity to guide our actions, and stand united throughout Europe to share the burden of its socio-economic implications.”

[The initiative - explained Monsignor Stanislav Zvolenský, Archbishop of Bratislava, President of the Slovakian Bishops' Conference - has chosen as its logo the image of St. Martin of Tours portraying his conversion to Christianity after an encounter with a half-naked beggar at the gate of the city of Amiens, in northern France. Details on the event, on how to register and participate, will be published on the official website catholicocialday.eu, already operational. The Days will kick off on March 17 with the inaugural celebration in the cathedral. From March 18 to 19, participants will be asked to reflect on the challenges facing contemporary Europe, focusing on three key themes: demographic change and the family; technological and digital transformation; ecology and climate change. The meeting will include plenary sessions, working groups and round tables. On March 20, the outcomes of the workshops will be presented and discussed in plenary session.](#)
